## Runoff Tuesday In B. G.

**BELLE GLADE**—Setting the commission runoff between J. Marvin Unwin and Kenneth E. Lutz for next Tuesday, City Commission Wednesday night functioned without defeated Commissioner H. O. Carlton, with defeated Commissioner Herman Close, and with Close's victorious opponent, J. H. Livingston, jr. sitting unofficially at the Commission table.

Mayor Walter Ashley and Commissioners Z. T. Ingram—who polled a record 579 votes of 910 cast in Tuesday's election—and Eugene Ellis were on deck to handle an array of business.

Recreation Committee Chairman Ruth Wedgworth reported that the Teen-Age Rambler was off to a good start, with an income of \$309.94 during the first short week of existence, having been closed Labor Day. However she pointed out, more maintenance and equipment expenses had been incurred than had been anticipated, and the \$500 advanced by the city for operation had been almost entirely used. Commission voted \$1,000 from the surplus fund for the Rambler, as a cushion to pay salaries and purchase several items.

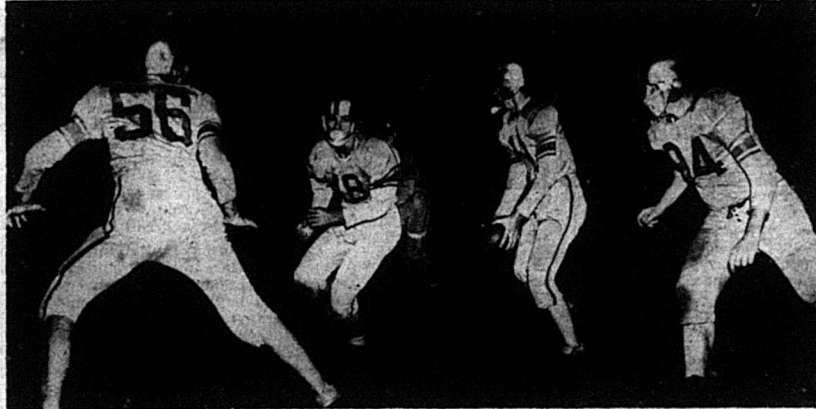

Mrs. Wedgworth said the recreation committee believes the Rambler will break even when (Continued on Page 8)

## Mrs. Jensen Will Be At Work Mon.

**BELLE GLADE**—Mrs. E. A. Jensen, registered nurse, of Pahokee, will report for duty at the Palm Beach County Health Department office here Monday.

She spent last weekend making a decision whether or not to accept the nursing post after the political furor caused by first the refusal then the confirmation of her appointment by County Commissioner Paul Rardin. Although her appointment papers finally were signed and returned to Dr. C. L. Brumback, county health department director, Friday afternoon, and the matter was approved at Commission meeting Monday, she waited three days to make her final decision.

She said this week: "I have decided to accept the appointment and will do the best I can for the health department. I do not think, however, that professional people should have to put up with this sort of political thing. Their jobs should be given on merit and merit alone."

## NEW FACILITIES FOR SO. BAY FIRM

**SOUTH BAY**—Construction on a new precooling plant and cold storage facilities for South Bay Growers, Inc., of South Bay will begin next week, according to Kelly Willis, in charge of sales.

The building will be of modern concrete and steel construction, 120 by 140 feet in size, and will be erected on the property adjacent to the present plant.

## 5 CANDIDATES FILE IN S. BAY

**SOUTH BAY**—Three candidates have qualified for the race of chief of police's post and two for council, as the Monday qualifying deadline approaches.

In the police race, voters thus far have their choice of Marvin Davis, who was the first to file, ex-Patrolman Lester Rhudy, who became "ex" after a duties dispute with former Police Chief R. C. White, and White himself, who recently was suspended for the balance of his term on charges of dereliction of duty.

### 2 Council Filings

J. C. Bowen and W. E. Masonic have qualified for the City Council race, to replace W. M. Jeffries and I. P. "Bob" Roberts, who do not plan to run again. There appeared this week a strong probability that at least one other person will enter the council race.

At the regular session of City Council Monday night, 12 noon Sept. 24 was set as deadline for voter registrations for the Oct. 4 election. During the short business session, a building permit was granted to N. N. Starling for a \$4,000 addition to his motel.

A discussion of street repairs was held, regarding work being done on the road for school children to walk through the Fisher subdivision, and the need for repairs on SE Canal St. Later this week, work was begun on Canal.

### Loreti New Nehi Man

P. J. Loreti is now associated with the Nehi Bottling Co. in charge of the Glades from Clewiston to Port Mayaca, replacing John Powell, transferred to West Palm Beach. Loreti previously had been with Coca-Cola.

## Appraisal Due In Pahokee

**PAHOKEE**—Appraisal of real and personal property here at a cost of \$7,500 by the firm of Hunnicutt & Associates was approved by City Council Monday night, in a session which also brought first reading of an amendment to the new zoning ordinance to allow a new bulk plant to be built in the middle of town.

The Hunnicutt firm will make the appraisal for the city, a has done in Sarasota and other Florida cities, and is doing Belle Glade, putting a professional valuation on all local residences and businesses, so that the tax list can be brought up to date.

The summer-long absence of Councilman Loren Meredith continuing, James Harry Wilkinson, jr. sat as chairman pro tem during the hearing on Orange State Oil Co.'s proposition to replace the bulk plant adjacent to the Prince Theatre in downtown Pahokee.

### 2 Vote Yes

The motion to amend the ordinance, now placing the E. Main St. location in a business area, to commercial, was made by Councilman R. B. Simonson (Continued On Page 8)

## Safety Program Next For PTA

**BELLE GLADE**—A program on "Safety" is scheduled for the next meeting of the Belle Glade Parent-Teacher Association, Oct. 10, with Driver Training Instructor W. A. Slauter in charge.

The PTA had its first meeting of the year Monday evening, with Mrs. F. C. Dooley, first vice president, presiding in the absence of the president.

Malcolm who gave the devotional, speaking briefly on the need for mutual cooperation between parents, teachers and students, and offered the help of the local ministers at any time. Following the devotional, Mrs. Margaret Mosley introduced the elementary teachers, and Principal Frank Hobson the junior and senior high school teachers. The meeting adjourned providing an opportunity for parents and teachers to renew acquaintances. Refreshments were served by Mrs. W. J. Norris, chairman and her committee of Mrs. H. C. VanLandingham, Mrs. E. M. VanLandingham, Mrs. Dale Ellis, Mrs. Pat Brent, Mrs. George Royal, Mrs. Joe Ziemann, Mrs. J. A. Pike, and Mrs. Ernest Amedee.

**ONE OF 250 PEOPLE** in nation to win a first prize in the International Harvester \$200,000 refrigeration sweepstakes was Mrs. George L. Geraghty, of Pahokee. Mrs. Geraghty and her daughter Joan are shown as she proudly examines her new A-120-D IH refrigerator, presented to her by President F. M. Shaughnessy of Glades Equipment Co., Inc. Shaughnessy said she was a winner in the first half of the sweepstakes, and that the entry blanks for the second half of the 'stakes are available at Glades Equipment in Pahokee.

# DITHANE M-22

*helps  
boost tomato yields  
in three big ways*

Newest member of the famous fungicide family, DITHANE M-22 (maneb) has already shown how it helps tomato growers get higher yields—more marketable crates per acre.

### DITHANE M-22 boosts yield and quality three ways:

1. It gives outstanding control of late blight and also protects effectively against all the other major tomato diseases—anthracnose, early blight, Septoria leaf spot, gray leaf spot, and gray mold.
2. DITHANE M-22 is safe for blossoms, fruit, and vines when used as recommended.
3. It helps the vines stay healthier, with rich green foliage.

Add these advantages together, and it's easy to see why fields protected with DITHANE M-22 yield more and better tomatoes at picking time. To top it off, DITHANE M-22 is now conveniently packaged in two bag sizes that contain just the right amount of spray powder for any standard tank capacity. It's also available from your local dealer as blended dusts with or without insecticides.

### SEE HOW CONVENIENT PACKAGES MEET TANK CAPACITY REQUIREMENTS:

Tank Capacity	Bags of DITHANE M-22
200 gallons	one 3 lb. bag
300 gallons	one 4½ lb. bag
400 gallons	two 3 lb. bags

## OPTOMETRIST IN PAHOKEE

PAHOKEE — Dr. Thomas Lane, optometrist from Miami, will establish a practice here, thanks to the efforts of a Chamber of Commerce committee, C-C directors were informed at their regular September meeting Tuesday night.

F. S. Parrish, Leonard Dobrow, and Secretary Mae Pope, named in August by President M. P. Stanley to work on the project of getting an optometrist into town, accomplished their task in record time, Stanley said in congratulating them and welcoming Dr. Lane.

Five new Pahokee sign locations have been authorized by the State Road Department, Stanley reported, after efforts by the president and Johnnie Thomas to get SRD cooperation. An election committee, to count the ballots for new directors on Saturday, Oct. 1, was appointed by the president and includes Ralph O. Johnson, Wiley Tillis, Miss Bette Pickett, James W. Vann, and Jerry Gold.

### Other Actions

In other actions, directors: HEARD a report from the beautification committee that the Corps of Engineers will mow the high grass along the levee, but that Pahokee Drainage District is responsible for cleaning and maintaining along the parallel toe-ditch, and voted to take the matter to City Council;

WERE INFORMED by the industrial committee that a Texas small business firm is interested in moving into Pahokee;

VOTED to write a letter to the U.S. post office department protesting the new dimension limitations on parcel post packages, and to poll the membership pro and con on the proposed home delivery of mail.

it gets going. With the season close on, the matter of handling of migrant welfare cases was discussed. Mrs. Edwina Young, who last year at the Chamber of Commerce screened and kept records on the migrants asking for assistance, said she could not undertake the job again this year with Chamber affairs and the tag bureau also to handle.

Although the long-range migrant assistance plan is now in effect with city approval, the problem still exists of trying to meet migrant families' emergency needs, she reminded Commission. Commissioners agreed to table the matter until next meeting and comply with Mayor Ashley's request to "come up with some ideas."

Five proposals from prospective fiscal agents have been received, City Manager C. E. Robinson reported, and Commissioners agreed to hold them until the sewage plant engineering report was in.

### Other Actions

Among other actions, Commission:

HEARD in stunned silence the bill for \$1,050 from Palm Beach Clinic for medical and hospital expenses of the late Patrolman Isaac Davis, killed while off duty, and referred the matter to Blue Cross-Blue Shield.

NAMED Robinson and Police Chief Charles Goodlett to look into making Seventh Ave. by the old high school a two-way street, following its widening

which is due to begin after the footbridge over the canal is completed;

ACCEPTED the report of Auditor W. C. Bamford, recommending better control of cash receipts but generally in approval of the handling of city monies;

PASSED on second and final reading ordinances setting the city budget, water budget, and city millage, and taking \$15,000 from the 1954-55 budget surplus fund for Army construction.

DENIED a requested rebate by Milton Rader on a \$61.69 water bill, on the grounds that pipe leak causing the large bill occurred under the owner's responsibility, after the water had gone through the meter;

ACCEPTED the planning board's recommendation dividing the northeast and southeast sections of town by a line running east to west, for house numbering;

AUTHORIZED the city manager to purchase a better gas range for the Country Club, and to check on the wiring and fans at the clubhouse.

## APPRAISAL —

(Continued From Page 1)

and seconded by Councilman George H. Tucker, jr. Councilman Blanche Armstrong voted against the amendment, recording her opposition to the new 40,000 gallon plant.

W. C. Waller, district manager of the oil company, guided the proponents of the bulk plant in masterly fashion. He brought

Kenneth C. Stimmell, formerly a state representative, now a Stuart city commissioner, to report glowingly on the benefits of the Orange State bulk plant located near motels in that city.

Among speakers for the bulk plant were Manning Keen, B. Elliott, Paul Collier, Calvin Spooner, Robert Mobley, and E. L. Pope. Elliott said he had thought for many years that the old plant was dangerous, and that he thought the hazard would be lessened to have new tanks at the rear of the property by the toe-ditch.

Mrs. Earl Crossman, speaking against the plant, pointed out that moving the tanks back would place them near the levee. "If this blows, the dike will blow with it—How many people here can swim?" she asked. Others who spoke in opposition to the new plant were I. M. Lair, Mrs. Frank Friend, Mrs. Don Hillier, Bill Moss, Miss Bette Pickett, J. W. Brown, Reuben Crews, Dr. L. W. Armstrong, Dr. E. C. Johnson, and Mrs. Jane Rieker.

The zoning amendment was put on second and final reading for the next meeting, Sept. 26.
